

To the **evaluation** of applicants' Secondary School final grade, letter of presentation and motivation, CV, any other qualifications or certificates submitted, result of the TOLC test and interview, the Selection Committee will assign a maximum grade of **100/100**.

A score will be assigned to the TOLC result, taking into account the percentile in which this score lies with respect to the distributions of results referring to the latest available national data, for each type of TOLC test.

The national data can be found on the CISIA website.

**The TOLC can be taken at any university, even if it is different from the one in which you want to register (TOLC onsite), or it can be taken from home (TOLC@HOME)**

**The test can be repeated several times with the only limitation that a TOLC of the same type can only be taken once per calendar month.**

Check [here](#) the dates for the upcoming TOLC tests.
